

Planting Agreement

Our planting service is intended to provide a convenient way for customers to have a small number of items installed without needing to hire a full-service landscaping company. We are not equipped to do entire property overhauls and installations at this time, and we limit our installations to 10 items. We are glad to make recommendations of local landscaping companies and designers for your larger landscape projects.

Our planting service includes Dig Safe® notification, digging of holes, compost for planting, and mulching of the dug area. Delivery fees are not included with planting services and are billed at \$8.75/mile one way. All trees and shrubs purchased at and installed by Wanczyk Nursery are covered under our plant guarantee.

We are happy to assist you with plant choices and design decisions while shopping at the nursery. At the time of installation, the crew can help make minor adjustments, but overall plant placement must be decided and marked prior to the planting date.

We cannot plant on the sites of old trees, close to stumps, or, for larger items, anywhere our machinery cannot access when hand digging is not feasible. (Machinery is required for any balled and burlap items, our stand on skid steer has a minimum width clearance of 40”). Additional labor to prepare planting sites that are not ready for planting will be billed at \$100/hr.

If it is determined by our planting crew that a plant cannot be installed at the location desired, an alternate planting location may be chosen, or the plant may be returned for a refund including installation fee. Delivery fees are not refundable.

Planting dates will be estimated at the time of purchase and our Delivery Coordinator will contact you to schedule the date of your installation. We schedule plantings in morning and afternoon windows and do our best to accommodate your schedule, but we cannot guarantee specific planting times. If you will not be present at the time of installation, placement of each plant will need to be detailed to us prior to the date of installation. You may cancel a planting at any time up to 72 hours prior to close of business the day before your planting date for a full refund. Cancellations without 72 hours advance notice will be refunded at 100% of plant material and delivery and 50% of planting fees.

Acknowledgement

- The planting area is accessible by our machinery (min width 40”, cannot drive over patios)
- To the best of my knowledge the planting site is free of stumps and major roots (our machine can manage roots up to 1 inch in diameter)
- I do not have irrigation lines on my property OR
- I do have irrigation lines and they will be marked
- I acknowledge that damage to improperly or unmarked irrigation lines are the responsibility of the property owner.

I have read and agree to the terms of the Planting Agreement.
